

## SPEAK HOLE AND BACKER TRANSACTION LINE SYSTEM

PART#: TLS\_SPEAK\_HOLE  
PRODUCT LINE: WINDOWS

### DESCRIPTION

The Speak Hole and Backer Transaction Window applies only to interior applications, making it more economical for the budget-conscious. Framing options include: satin or dark bronze anodized aluminum, prime painted steel or stainless steel with a plastic laminate base and recessed cash tray. Voice transmission is via a 6" acrylic portal with a 10" oversized backer.
